Dear Doctor -

We missed you at the meeting but no one expected you to come in that storm. I am quite sure I would not have gone to Bath. We were sorry to hear you had the Flu bug but hope you are better now. It seemed to take no longer to get over it this year.

I received a new idea of a family chart to-day so I have made a copy of it and enclose for your records if you wish to keep it.

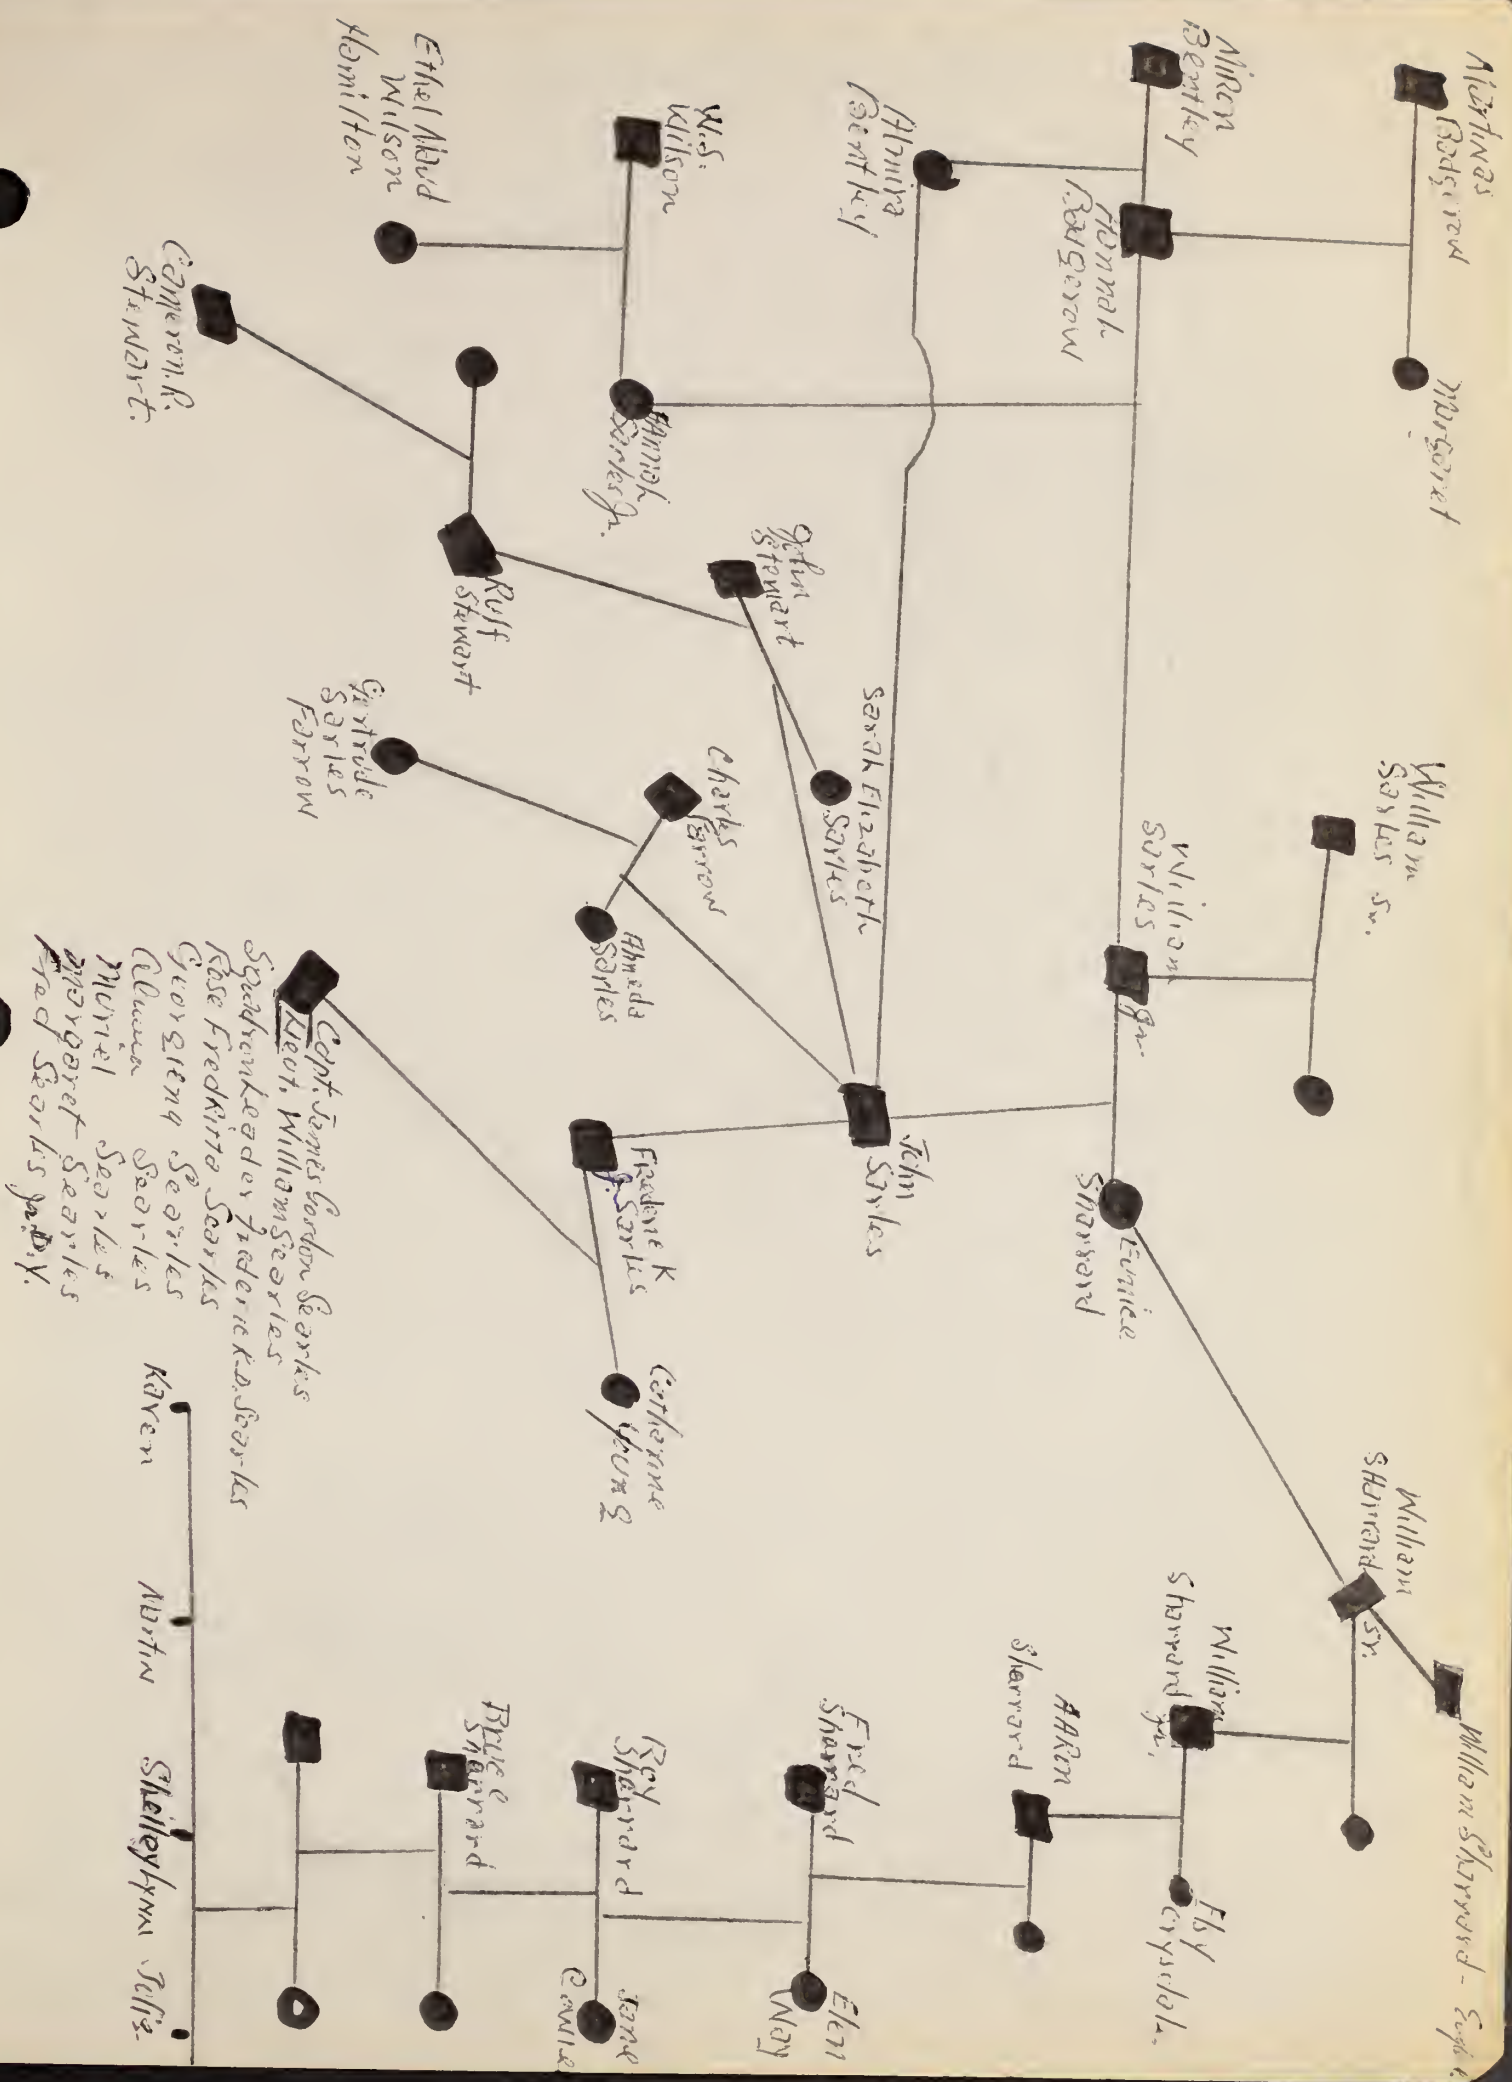

Now the real reason for this letter is to say how pleased we are that you are going to give us something of Prince Edward Co. and its early settlers and I hope some dates we can get our teeth into - for instance - the Weese family who say they settled up above me here in 1783 and I don't believe in such stuff. and also our old friend Reynolds of Wellington who arrived here I don't know how many years previous to the U.E. Loyalists. The Weeses just seem to delight in that figure 1783. What I can find on John Weese he came first & settled on lot 6 Con<sup>#</sup> 2 Fredericksburg and later came up the Bay to Senneville<sup>#</sup> 7 and drew lot 89 in 2<sup>d</sup> Con. 6<sup>th</sup> Sept. 1787 signed by John Collins D.S.G. and John W. died 1797. Soldier Royal R. N.Y.

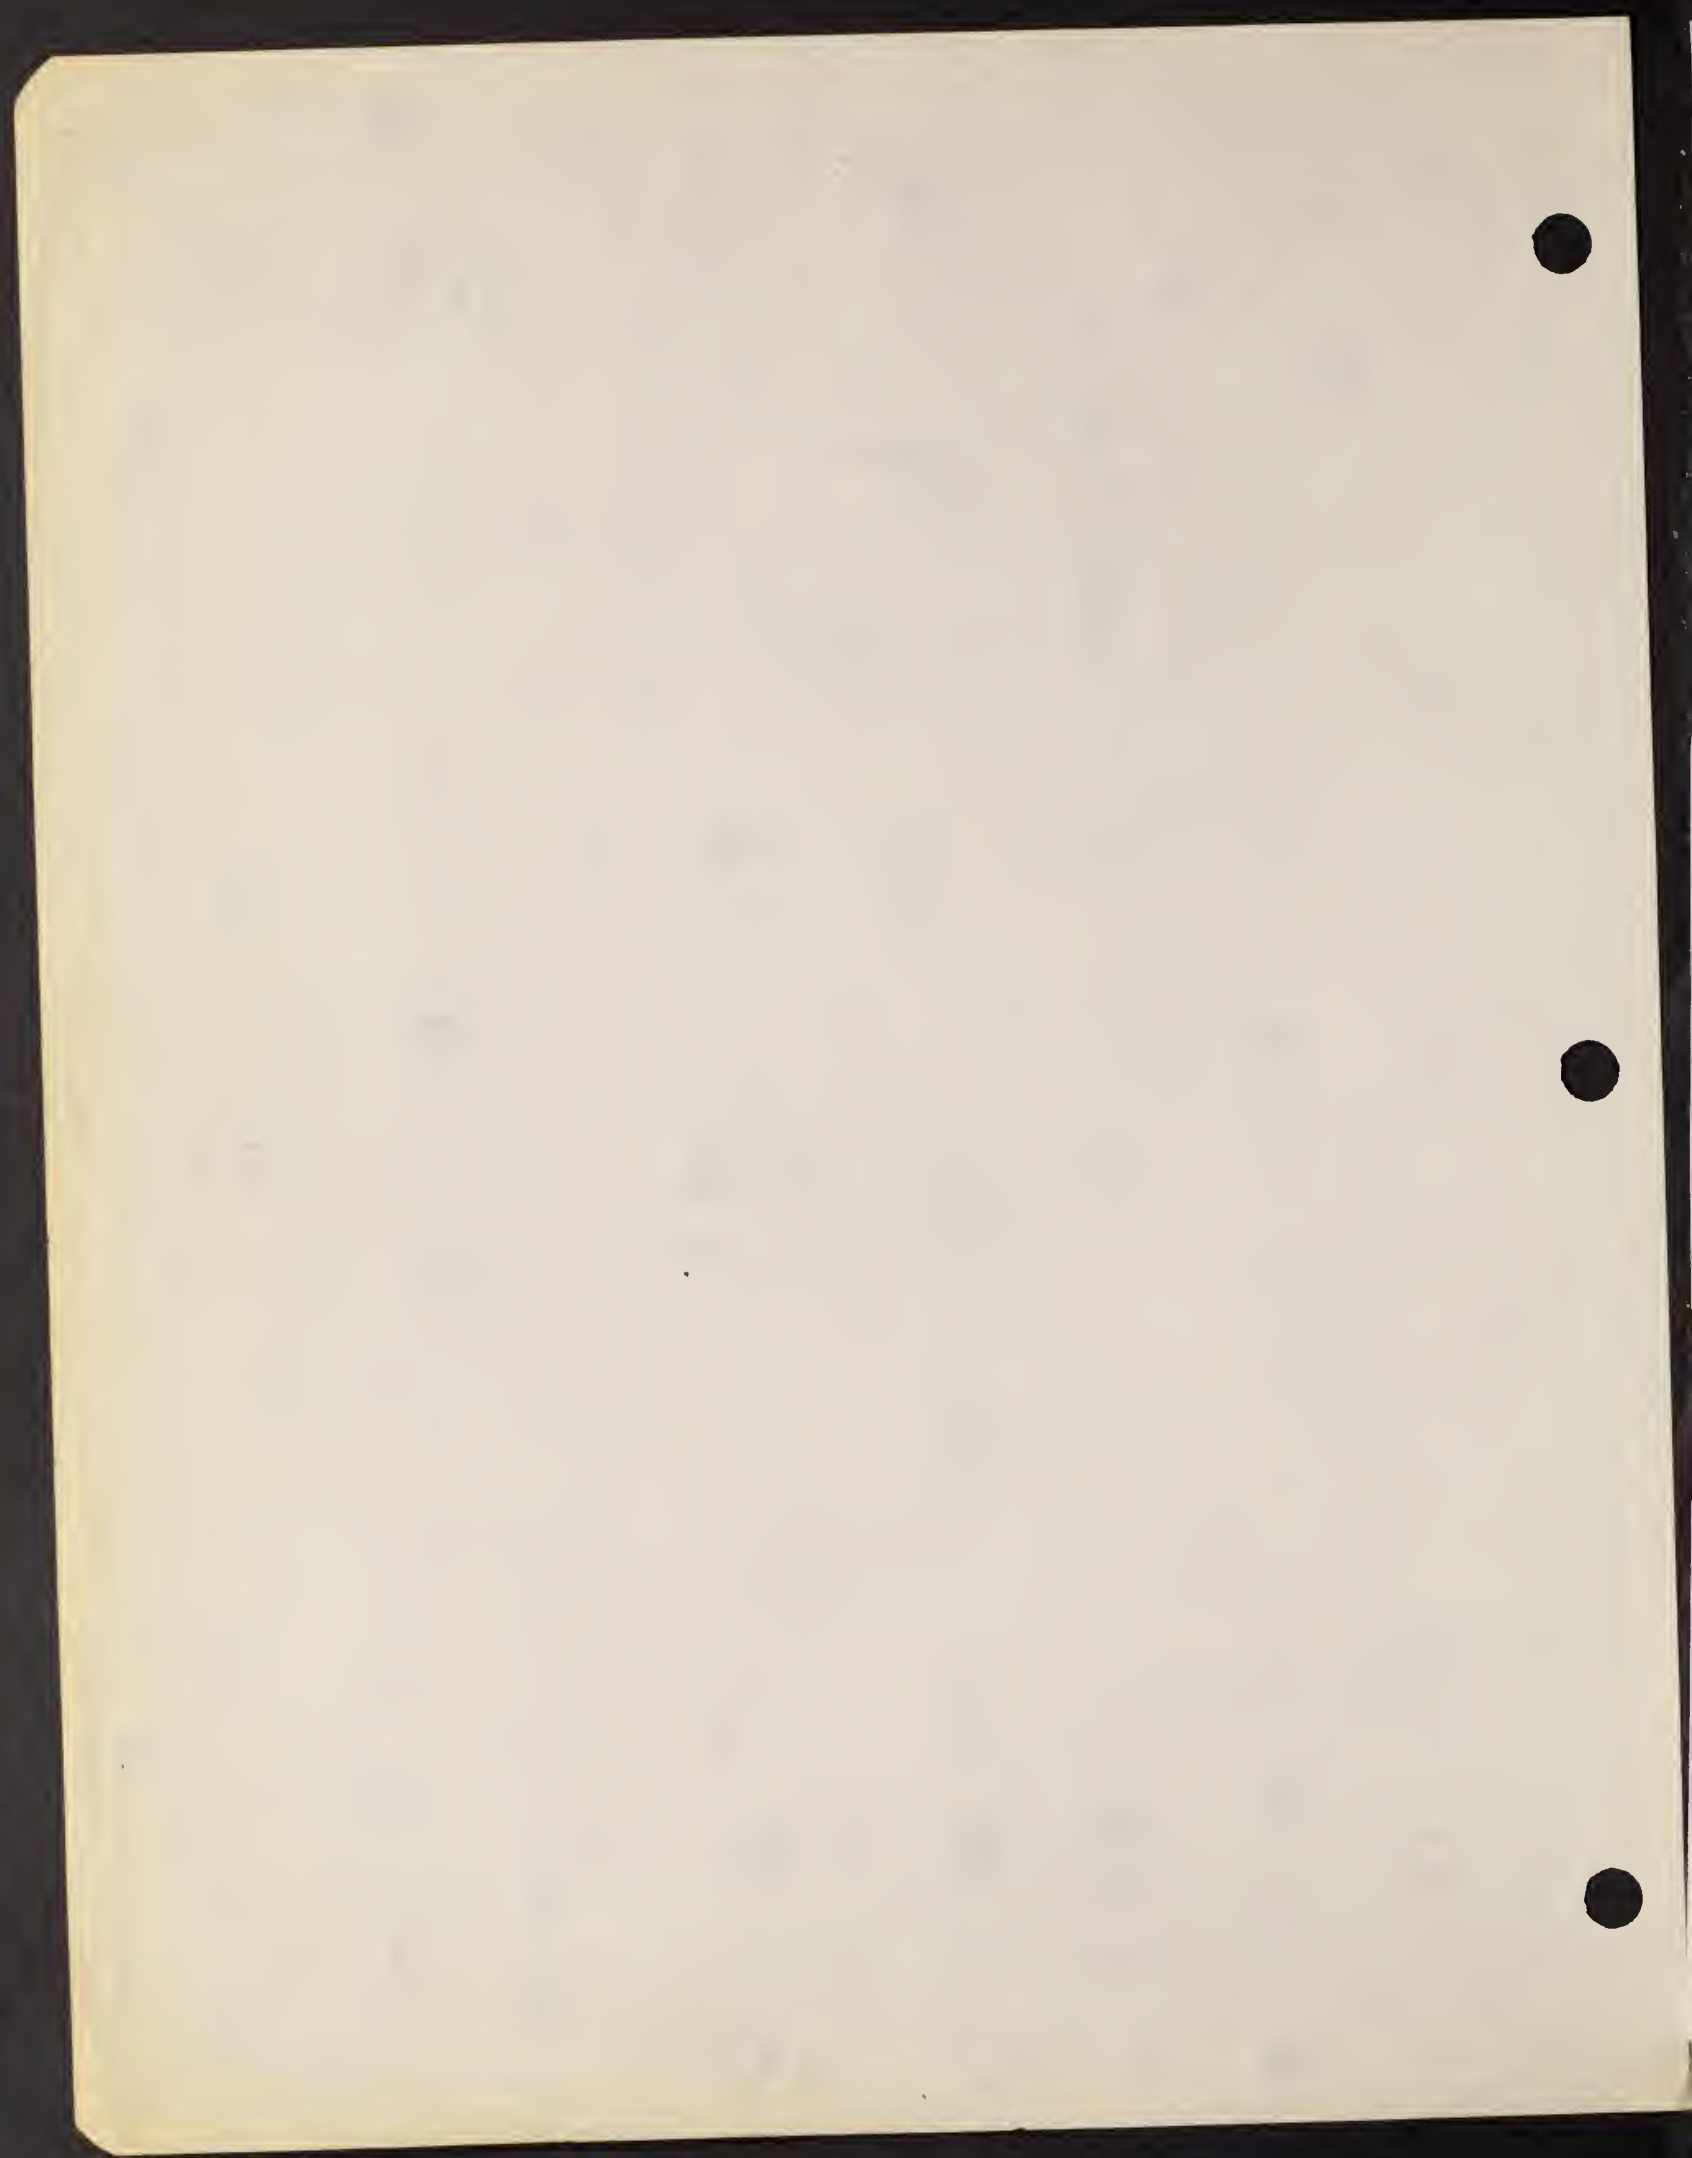

R.T.D.

I hope that you and Mrs Barleigh will  
continue to improve and we will see you at the  
next meeting.

Sincerely  
W. H. Barleigh

John G. Sarles

September 15, 1958.

Dear Dr. Lurleigh,

In June, 1957, I called at your home with the purpose of obtaining some information for Mr. George Ross, of White Rock, B.C. with which you are kindly obliged.

Now, I am on a little mission of enquiry on my own behalf:

" ON July 20, 1958 while returning from  
w Gull-banding project at Christie  
Island, B.C. located in Howe Sound,  
at  $49^{\circ} 13' N.$  Lat. and  $123^{\circ} 53' W.$  Lat., I placed  
a note in a bottle and cast it  
adrift in the sea. The inscription  
read: "- "July 20, 1958 - 3:00 P.M. Bottle  
cast adrift half-way between  
Anvil Island and Horseshoe  
Bay - J.G. SARLES  
3403 PINE CRESC  
VANCOUVER 9, B.C."

(2.)

On July 25<sup>th</sup> the bottle <sup>was</sup> found on the shore of Rocky Bay on San Juan Island, some 75 miles south by:

Miss Sandra Searles,  
age 17,  
daughter of Mr. Mrs. Carl P. Searles,  
1812 98<sup>th</sup> Av. E.  
Bellevue Wash. (suburb of Seattle)

Endorsed the young lady was on vacation at this San Juan Island, and by a co-incidence found the bottle containing my note with the same surname.

I heard from both she and her mother and while at first they thought we were probably related, due to a similarity in surname, there seems to be some doubt of this, because in the words of Mrs. Searles:

"Their original family name is Searles, 3 three brothers who originally emigrated from Scotland and Ireland to the U. S."

(3)

The young lady's grandfather  
H. M. Charles was Governor of the  
State of North Dakota, in '90's.  
o o

According to information  
received from my father to day,  
(- Mr H. M. Charles, Trenton, Ontario),  
who is 86 years of age, and  
family is of United Empire  
Loyalist stock, and, our family  
name was originally 'Charles'.

Due to his age, he is unable  
to give me too much data, and  
it occurred to me that you  
might have a file on the family.

When I called at your office,  
you queried whether there was  
a Dr. 'Bill' or William Charles, and  
I mentioned that I did not think  
so, which was incorrect, as I  
found later that Dr. William  
Charles did originally have a  
practice in Wellington, district.  
I believe.

(4)

I have not been of too much  
assistance perhaps in providing  
too much of my family background;  
however, perhaps you may feel,  
something further that may  
establish if there is any  
connection between the two families  
that is of
